Professional lines and P&C insurance program for banks

ABA Insurance Services, a member of Great American Insurance Group, is a long-term, reliable and stable source of insurance for financial institutions. This unique program has been committed to serving and supporting the banking industry by providing quality insurance and excellent customer service for over 35 years.

Tailored Insurance Supporting the Banking Industry

- The program is co-endorsed by the American Bankers Association and 38 state bankers associations, including California Bankers Association.
- Over 1,800 financial institutions countrywide are insured on average, including trust companies and banks in organization. Of those, 1 in 3 California financial institutions are insureds.

The program's reinsurer, American Bankers Mutual Insurance, Ltd., has declared distributions to participating banks for 36 consecutive years, totaling over \$108 million.
